

SPONSORSHIP OPPORTUNITIES

Be a champion for housing rights by sponsoring the National Housing Law Project's biannual in-person gathering of the Housing Justice Network. Hosted in Atlanta, Georgia, this year's conference will convene 500+ legal aid attorneys, tenant organizers, and advocates to build the collective power we need to protect tenants and homeowners, save our homes, and make our housing system work for all of us.

HJN 2026 offers a unique opportunity for your organization to support our work to train the next generation of housing justice warriors who are on the front lines fighting back against predatory corporate landlords so that poor and working people, immigrants, and people of color can stay housed and healthy.

All sponsorship contributions are used to drive equity by funding scholarships for organizers, tenant leaders, and others who would not otherwise be able to afford the conference.

Pledge ASAP in order to secure your placement for this year's conference.

TITLE SPONSOR: \$40,000+

- Speaking opportunity at conference plenary
- 8+ tickets to the main conference
