NATIONAL CONFERENCE AND TRAINING

OCTOBER 29 - 31, 2022 | Washington, D.C.

The 2022 Housing Justice Network National Conference and Training

Join the National Housing Law Project in Washington, D.C. October 29 - 31, 2022 for a not-to-be-missed Housing Justice Network National Conference and Training. Come to learn, reflect, and grow professionally as network members from across the country share successful client strategies, study emerging issues, identify policy priorities, and enjoy thought provoking plenary speakers.

A lot has happened since we last met in 2019. The COVID-19 pandemic and our nation's racial justice reckoning have had an enormous impact on housing, illuminating deeply-rooted issues that shape our communities. Over the past few years, HJN members came together in an unprecedented way to build safeguards that protect families from housing instability, eviction, and homelessness. Now, more than ever, there is a pressing need for advocacy and action at every level.

Low-income families seeking the stability of an affordable home have long benefited from the policy advocacy and legal support of their champions, NHLP and HJN. Please join us for a beautiful autumn in Washington, D.C. as we examine current challenges and opportunities in our nation's housing landscape and identify strategies that will strengthen our communities and move housing justice forward.

HJN: STRENGTH IN COMMUNITY

ABOUT THE HOSTING ORGANIZATIONS

NATIONAL HOUSING LAW PROJECT (NHLP)

The National Housing Law Project's mission is to advance housing justice for poor people and communities. We achieve this by strengthening and enforcing the rights of tenants, increasing housing opportunities for underserved communities, and preserving and expanding the nation's supply of safe and affordable homes. We are committed to an environment of inclusion and equitable opportunity for members of the Housing Justice Network, our partner organizations, clients, staff, and board. We seek to hire individuals from diverse backgrounds, especially people with lived experiences impacted by housing insecurity and discrimination, or who have experienced the intersection of multiple systems of discrimination. We actively promote mutual respect, acceptance, appreciation, and teamwork across all lines of difference.

HOUSING JUSTICE NETWORK (HJN)

The Housing Justice Network (HJN) is a dedicated community of professionals who serve on the front lines to advance housing rights. HJN is an informal network of more than 1,700 experienced housing advocates and clients from throughout the country. The network is hosted by the National Housing Law Project, but the content, history, and soul of HJN are carried by attorneys and advocates across the country who work on housing rights.
